EMD SERONO

At EMD Serono, your safety is our first priority. That's why we created

Check My Meds™ –

a smartphone application to help you and your healthcare professional verify the authenticity of EMD Serono medications.

Safeguarding against counterfeit drugs

In an effort to verify the authenticity of all drugs dispensed to patients, the U.S. Food and Drug Administration (FDA) will require that drug companies include a unique serial number on each package of drugs dispensed by 2017. As part of a commitment to product integrity, EMD Serono is implementing serialization well ahead of the FDA's requirement.

EMD Serono has been a long-standing leader in product integrity and patient safety, and the Check My Meds™ app is just the latest example of that. We are committed to doing our part to help safeguard patients and physicians against counterfeiting.

EMD Serono Inc., a business of Merck KGaA, Darmstadt, Germany, is a leading US biopharmaceutical company focused exclusively on specialty care. For more than 40 years, EMD Serono has integrated cutting-edge science, innovative products and devices, and industry-leading patient support and access programs. EMD Serono has deep expertise in neurodegenertative diseases, reproductive health and endocrinology, as well as a robust pipeline of potential therapies in neurology, oncology, immunology and immuno-oncology. Today, EMD Serono has more than 1,100 employees around the country with commercial, clinical and research operations based in the company's home state of Massachusetts.

Check My Meds™ App

Authenticate your EMD Serono medications with your smartphone

Now available for download on iOS and Android products

EMD Serono brands have a two dimensional barcode that is generated and printed on each package during the packaging process.

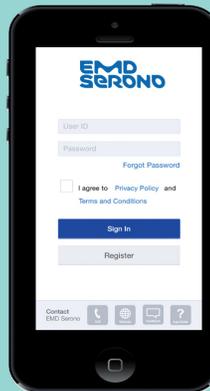

The Check My Meds™ app allows you to scan the two dimensional barcode to help verify the authenticity of your EMD Serono medication. From the app, you can also link to EMD Serono's patient support information.
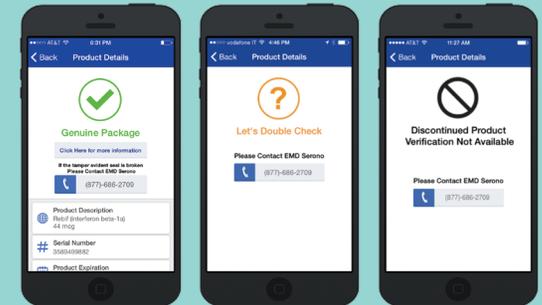

Check My Meds™ App

1

Download the free Check My Meds™ app from your smartphone's app store and register for a user name and password in order to log in.
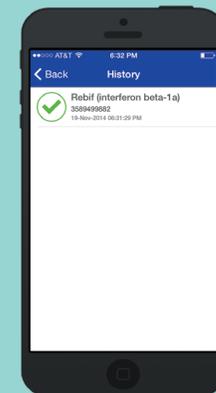

2

Once logged in to Check My Meds™, select "Scan" to begin authentication process.

3

Locate the two dimensional barcode on the package and select "Scan" at the bottom of the screen.

Verify your package: Genuine Package, Discontinued Product or Let's Double Check. When you receive a "Let's Double Check" message, you should contact EMD Serono at (877) 686-2709 to double check your package and its serial number.

Select "History" from main menu to view previous Scans. History will display from most recent to oldest. You can delete history by holding down a particular scan and selecting delete.
