

Jamie Shaw

Translational and Biomarker Research, Oncology Platform, EMD Serono

PUBLICATIONS

Volinic JL, Lee JH, Eto K, Kaur V, Thomas MK. *Overexpression of the coactivator bridge-1 results in insulin deficiency and diabetes*. Mol Endocrinol. (2006) 1:167-82.

Lee JH, **Volinic JL**, Banz C, Yao KM, Thomas MK. *Interactions with p300 enhance transcriptional activation by the PDZ-domain coactivator Bridge-1*. J Endocrinol. (2005) 2:283-92.

ABSTRACTS

Shaw J, Zhang H, Carden R, Qiu D, Tian H, Ma J, Clark A, Ogden J, Goodstal S. *Evaluation of brain pharmacokinetics as a potential differentiation factor for the MEK inhibitors, MSC2015103 and pimasertib*. 2012. American Association for Cancer Research Annual Meeting, Chicago, IL

Vincent L, Thomas A, Ma J, Clark A, **Shaw J**, Guérif S, Egile C, Lager J, Debussche L, Lengauer C, Garcia-Echeverria C, Ogden J. *Hijacking the PI3K/mTor and KRas/MEK/ERK Signaling Pathways With a Therapeutic Assault Results in Robust Anti-Tumor Activity in PI3K/KRas and KRas Mutant Tumors*. 2011. American Association for Cancer Research Annual Meeting, Orlando, FL

Karra S, Chen X, Stieber F, Lan R, Shankar V, Tahmassian N, Dong R, **Shaw J**, Tian H, Li L. *Quinazoline Analogues as Potent Inhibitors of Aurora Kinases*. 2010. EORTC-NCI-AACR symposium on "Molecular targets and Cancer Therapeutics", Berlin, Germany

Karra S, Xiao Y, Chen X, Liu-Bujalski L, Huck B, Sutton A, Goutopoulos A, Arlt M, Askew B, Tian H, Josephson K, Shutes A, Shankar V, Noonan T, Garcia-Berrios G, Dhanabal M, Wang Z, Batson J, Clark A, Sarno S, **Shaw J**. *SAR and Evaluation of Novel 5H-Benzo[c][1,8] naphthyridin-6-one Analogs as Aurora Kinase Inhibitors*. 2010. Gordon Research Conference on Medicinal Chemistry, New London, NH

Clark A, Ma J, Qiu D, Lin J, Syed S, Romanelli A, Spooner E, **Shaw J**, Rocha C, Tian H, Goutopoulos A. *Pharmacokinetics, efficacy and target pathway inhibition in vivo of AS703026, a small molecule inhibitor of MEK*. 2009. American Association for Cancer Research Annual Meeting, Denver, CO

Sarno S, **Shaw J**, Spooner E, Ma J, Clark A, Dumontet C, Romanelli A. *The Novel Aurora Kinase Inhibitor AS703569 Shows Potent Anti-tumor Activity in Acute Myeloid Leukemia (AML)*. 2007. American Society of Hematology Annual Meeting, Atlanta, GA

Romanelli A, **Shaw J**, Spooner E, Ma J, Clark A. *The novel Aurora kinase inhibitor AS703569 shows potent anti-tumor activity in acute myelogenous leukemia (AML)*. 2007. American Association for Cancer Research Annual Meeting, Los Angeles, CA

Volinic JL, Lee JH, Thomas MK. *Coactivator Dysregulation Results in Diabetes*. 2003. 4th Annual Rachmiel Levine Diabetes and Obesity Symposium, Universal City, CA

Volinic JL, Lee JH, Thomas MK. *Coactivator Dysregulation Results in Diabetes*. 2003. Pancreas Development and Disease Modeling Conference, Northwestern University, Chicago, IL

Volinic JL, Lee JH, Thomas MK. *Coactivator Dysregulation Results in Diabetes*. 2003. 85th Annual Endocrine Society Meeting, Philadelphia, PA
